

The Green and White Courier

Northwest Missouri State Teachers College

VOLUME XI.

MARYVILLE, MISSOURI, MONDAY, OCT. 6, 1924

NO. 2.

HOMECOMING IS PLANNED

Student Council Designate October 10 First Great Homecoming Day—Philos Have Eleventh Celebration—Newman Club Their Second.

Friday, October 10 is Homecoming Day. At the regular meeting of the Student Council held last Thursday, it was officially announced that plans were being carried out to inaugurate the first annual Homecoming Day of the college.

A committee, composed of Merle Seoleman, Willetta Todd and Robert Nicholas, was appointed by the president of the council to take charge of the event and to insure its success. At a meeting of this committee Friday evening, the program for Homecoming Day was arranged.

The football game between the Cape Girardeau Indians and the Maryville Bearcats will be the chief feature of the first Homecoming. Among other things planned, is a pep meeting and parade, in which students, grads, and everyone will be asked to participate. The demonstration will not be long and will take place immediately before the game, Friday afternoon.

Another important feature of Homecoming Day will be a social event sponsored by the Student Council and given Friday evening following the program of the teachers meeting. It will be open to students, graduates and former students.

The Council will do its part to make the first Homecoming a huge success; what about the rest of us?

The eleventh annual Philo "Home Coming," will be held in the Philo room, 326, Thursday, October 9 at 3:20 o'clock. The Philos this year extend a cordial invitation to all Philos out in the field to attend the "Home Coming." The program will be followed by a luncheon in the girls' recreation room. The Philo colors of gold and blue will be used in the color scheme.

Miss Dykes will give an illustrated lecture on her trip to Norway.

Letters from Philos now out in the field will be read and there will be talks by former Philos.

Other features of the program will be an Original Musical reading by Orpha Stewart; a vocal solo by Elizabeth Mills, and a reading by Myrie Hankins.

The annual Philo "Home Coming" was instituted in 1914. It has always been held during the teachers' meeting of the Northwest District Association. Philos, past and present, meet in the great Philo Spirit of optimism, pep, loyalty and ideals.

The Newman Club will have its annual Home Coming during Teachers Meeting, October 9, 10 and 11. All visiting members are invited to spend their time at the Newman Club House, 311 West Third street. Accommodations will be given twenty or thirty guests.

The Home-Coming Dinner will be served at the house Thursday at 5:30 P. M. The color scheme for the dinner will be carried out in the club colors Green and Gold. During dinner music will be furnished by members of the club.

All teachers, who find it convenient, are requested to notify the secretary Maye Sturm, before Thursday, October 9, if they expect to attend the dinner.

The College Demonstration and Practice Schools are open to the observation and visitation of any class, group, or individual wishing to learn the qualifications of a teacher.

These schools are yardsticks by which the students may measure their ability as teachers. Both schools are under the supervision of well trained and experienced teachers.

Group and class observations may be arranged with Mr. Phillips in his office from 8 A. M. to 9 A. M. and from 1 P. M. to 3 P. M.

Faculty and students were out for a gale day Tuesday, September 30, when the annual Walk-out Day was held. It was in charge of the seniors. About 8:10 the bells were rung and there was a general exodus from classes to the halls where several had been loitering suspiciously. The crowd went to the DeMotte farm north of Maryville. Several swings had been erected and there were games of football, baseball, and pitching horseshoes. The picnic which was under the direction of Don Miller, chief of the College Cafeteria.

Association Officers Plan Good Program

The officers of the Northwest Missouri State Teachers' Association are all well known and successful Missouri Teachers.

J. W. Pierce, Superintendent of Schools, Skidmore, Mo. is President of the Organization. Mr. Pierce was formerly Superintendent of Schools at Barnard, Mo. He received his B. S. degree from the Maryville State Teachers' College in 1923.

U. L. Riley, Superintendent of Schools at Maitland, Mo., and formerly Superintendent of Schools in Rosendale, Mo., is First Vice President of the Association. Mr. Riley received his B. S. degree from the Maryville State Teachers' College in 1923. Almost everyone remembers Mr. Riley's efficient work as Coach of the Maitland Basketball Team which made a good showing last year in the National Tournament in Chicago.

Miss Ethel Sloan; B. S. 1922, Maryville State Teachers' College, is secretary.

J. W. PIERCE

and Vice President of the Association. Miss Sloan was formerly a teacher in the Mt. Moriah High School, but is now teaching in the Jefferson City High School.

C. A. Hawkins, secretary of the Association is now a member of the State Teachers' College Faculty. Mr. Hawkins was formerly Superintendent of the Maryville Public Schools and was for years a member of the executive committee of the State Teachers' Association.

Charles Meyers, Superintendent of Schools at Union Star, Mo. is Treasurer of the Association. Mr. Meyers received his B. S. degree from the Maryville State Teachers College in 1924.

The Executive Committee of the Association is as follows: D. D. Hooper, Savannah, Mo.; Miss Eula Morrison, Edgerton Junction, Charles H. Bryant, Winston, Mo.; J. W. Pierce, Skidmore, Mo.; C. A. Hawkins, Maryville, Mo.

Home Economics to Organize Department

The teachers of Home Economics will be glad to hear that the North West Missouri Teachers Association is going to amend article VII in the constitution so as to include "The Department of Home Economics."

The tremendous growth of home economics through its introduction into the curricula of elementary and secondary schools and universities, the development of home demonstration work, vocational education, continuation and evening schools, has created a demand for a large number of professionally trained people to build up adequate subject matter, methods, and research. This Department added to the association will furnish a means whereby those engaged in home economics education and allied activities may co-operate with each other. It will provide a clearing house for the exchanging of ideas and the development of the activities of the Department. It will bring the different sections of the country in closer touch with each other. Home economic workers need to hear and heed the command.

"Enlarge the place of thy tents and let them stretch forth the curtains of thine habitations, spare not, lengthen thy cords, and strengthen thy stakes." Growth is the great end, the growing all together.

Dr. Winfred Hawkins, and Dr. Beatrice Hawkins, his wife, of Chicago, came Friday, September 28 to visit Dr. Hawkins' father, Mr. O. A. Hawkins. They left Monday evening for Shouanda, Iowa, where they will visit Dr. Hawkins' uncle, Ernest A. Hawkins.

S. T. C. Welcomes the Teachers

It is a great pleasure to the State Teachers College of Maryville to welcome the teachers who come to attend the Northwest Missouri Teachers' Association. The fact that you are here indicates your interest in the educational affairs of your state. The College feels honored to be the host to a group of people striving to improve the system of education for the boys and girls of Missouri.

The Association has provided a program which promises to be most valuable. The College offers you its services to make your stay here a pleasant one.

We hope you will come, we hope you enjoy yourself, we hope you carry home with you inspiration and information enough to make you glad you came.

Visitors to see Great Picture Sat. Morning

The romance of one hundred and ten million people—that is the story of "America," which is conceded by critics to be greater than Mr. Griffiths earlier picture, "The Birth of a Nation." This picture is one of the best features of the entire program given this week during the Teachers' meeting.

This picture play is merely an attempt to suggest in a small way the great sacrifice made by our forefathers that America might become a free and independent nation. It is in no sense an attempt to portray the story of the Revolutionary war; as that story is too tremendous to be told fully by many picture plays, much less by one. The historical incidents, however, have been made as correct as possible. What Mr. Griffith has attempted to do is to show something of the devotion and self-sacrifice of those who established our Republic.

This picture has just been released and is being shown in some of the larger cities. Every history teacher and loyal American citizen should see this magnificent production of Mr. Griffiths.

This picture will be shown Saturday morning, October 11, for the visiting teachers. It will also be shown Saturday night, and the following Monday night, October 13 for the benefit of the students.

The Pi Omega Pi, Commerce fraternity held a picnic breakfast for all students in the commerce department Saturday morning.

The fraternity will have a display in the hall case, second floor during teachers' meeting. The exhibit will consist of medals, certificates, penmanship drills, budget covers and book keeping materials. Mr. Rogers will have a special penmanship exhibit in room 120.

Do you like good things to eat? Well remember that a real home made food sale of sandwiches, doughnuts, candies, popcorn, etc., will be held on the college campus Friday, October 10.

The Kappa Omicron Phi girls solicit your patronage.

Dr. Amy Daniels, of the Iowa Child Welfare Research Station, from the University of Iowa, will be the honor guest at a 6:30 o'clock breakfast October 10, at Residence Hall. The breakfast is given by the Kappi Omicron Phi sorority. The other guests at the breakfast will include, all the Home Economics teachers, and Kappi Omicron Phi girls attending the Northwest Missouri Teachers' association. The patronesses, Mrs. Lamkin, Mrs. Phares and Mrs. Eak, Miss Stowell and Mrs. Marcell will also be guests.

At a meeting of the Sophomore class Friday afternoon the following officers were elected:

Burdette Yoo—President.
Leland Medsker—Vice-President.
Roberta Cook—Secretary.
Hallie Rhodes—Treasurer.
Miss Julia Campbell acted as temporary chairman and Miss Roberta Cook acted as temporary secretary of the meeting.
Mr. Loomis is the sponsor for the class.

Iva Dukes spent the week end at her home in Stanberry.

Teachers Will Be Taken to Their Rooms

Teachers arriving in Maryville, for the Teachers Meeting will find a sufficient number of automobiles at the depots to take them to their rooms. Automobiles will be furnished free of charge, because of the desire of the people of Maryville, to make the visiting teachers feel welcome.

Rooms will be located for teachers who arrive here without having made previous reservations. All teachers who have not reserved rooms for teachers meeting are asked to go to the old College Conservatory on West Third street immediately after their arrival in Maryville. A list of rooms may be secured there.

The merchants of Maryville, are arranging special window displays trimmed in green and white as a token of welcome to the visiting teachers.

Quality bargains, and not cut priced goods will be displayed for the discrimination of those who wish to shop while in Maryville.

The business men are interested in making the visiting teachers feel at home and extend an invitation to all visitors to "Come In and Get Acquainted."

TO TEACHERS OF ENGLISH IN NORTHWEST MISSOURI

All teachers of English in the high schools of Northwest Missouri are urged to be present at a meeting in Room 302 of the College, Thursday, October 10, at 1:30 p. m. Please be prompt as the departmental programs of the Association begin at two o'clock.

For the convenience of the visiting teachers the College Cafeteria will serve lunch, Thursday, Friday and Saturday of this week, from 11:30 to 1:00 o'clock. Dinner will be served cafeteria style from 5 P. M. to 6 P. M.

Yell Leaders Elected Tower Sale Started

At the assembly Wednesday morning "Doc" Pierpoint of Skidmore was elected college yell leader for the ensuing year. Mr. Pierpoint, being the only one nominated he was elected unanimously by acclamation. "Snapper" McDaniels and Clair Stoner were named as his assistants. As in the case of the leader, their election was unanimous and by acclamation. Temple Allen, President of the Student Council, presided at the election.

After the election they led the students in a few familiar yells. A prize of five dollars was offered to the one handing in the best yell at the bookstore before Friday, the committee reserving the right to use any or all yells submitted.

The advance sale of the "Tower" was instituted by the Juniors at the Wednesday morning assembly. Miss Grace Foster, editor-in-chief of the annual made the announcement of the starting of the sale.

Miss Foster also explained the method of conducting the "Queen" contest. Each student purchasing a "Tower" and paying the full price \$3.00 in advance will be allowed five votes in the contest. Those making a deposit of \$1.50 will be given two votes and to those whose initial payment is \$1.00 one vote will be allotted.

Class organizations will assist in the sales campaign. The election will not be held for about a month.

At a meeting Friday the Freshmen elected the following officers: Melvin Rogers—President.
Irene Goff—Vice-President.
Dorothy Dowell—Secretary.

Laura Margaret Raines—Treasurer. The Freshmen are planning some activities in the near future but as yet they are held secret and no one as yet has been able to fathom their mysterious actions.
Dr. Keller is the Freshman sponsor.

Art Section To Have Program and Exhibit

The Fine Arts department has planned a most interesting program for the Northwest Missouri Teachers' Association.

Mr. Glenn of the Industrial Arts Department, will give an illustrated lecture on homes, showing the practical side of home designing. Mr. Glenn has had special work along this line, and by use of the lantern will be able to give a valuable lecture.

Dean Barnard will lecture on the subject, "Art as a Factor in the Social Program." This will be a practical lecture, emphasizing the value of art in our social lives. Art lovers cannot afford to miss this lecture.

Miss Dangan, an art teacher in the Chillicothe Schools, will give a talk on "The Appreciation of Art in the Junior High School."

There will also be a report on the art work of the State Course of Study. Through an Art exhibit on the fourth floor of the College consisting

C. A. HAWKINS

of colored prints of work suitable for the school-rooms, teachers will be able to gain valuable suggestions for art work in their own school rooms.

Teachers of the district are urged to send samples of art work from their own school rooms for this exhibit. In this way, they will be able to see the different kinds of work being done in the district.

The Industrial Arts Department will have an exhibit in the case on the second floor of the college during the meeting. This department has recently purchased a new four-harness loom, and the loom will be exhibited with an unfinished piece of work on it. There will also be finished pieces of weaving on exhibit.

Nodaway Has First School and Farm Show

The first annual Nodaway County School and Farm Show which was held

ONE VICTORY IS CINCHED

Bearcats. Defeat. Tabor 25-0 in. First Game of Season—Great Enthusiasm Aroused For Brush With Cape Indians Friday.

The Bearcats after a long journey brought home the bacon to the tune of 25 to 0. Tabor was ready for them with all the pep she could muster, band and all, but she was no match for the fighting Bearcats.

The coin was flipped and Red Graham, the acting captain, chose to defend the west goal. Tabor kicked and Eads returned the ball for a good gain. After battling for a few minutes Maryville lost and was forced to kick; this put the Tabor boys in their own territory but the Bearcats held tight. Tabor lost the ball and as the Bearcats could not gain much through Tabor's big line, Eads kicked a place kick from the 30 yard line. Tabor then tried three successive passes, Eads intercepting one, ran for a touchdown and kicked goal making the score 10 to 0.

In the second quarter the Bearcats backed Tabor up against her own goal and Tabor was forced to kick. The center made a wild pass, the ball going over the goal line. Tabor recovered but Maryville had gained two points, making the score 12 to 0. The rest of the half was hard fought with the men doing their best. Two new ends and a full back were put into the game and the Bearcats were off for a touchdown when the half ended.

The line up which started the game was sent onto the field again at the beginning of the second half. This time there were no slips and the Maryville boys fought for all that was in them. About the middle of the quarter Agee went over the goal on a line plunge. The score at the end of the third quarter was 19 to 0.

In the fourth quarter Masters went across the goal on a line plunge making the score 25 to 0. After the original line up, had worn the big boys from Tabor down, Coach Lawrence sent in many substitutes.

The showing which the Bearcats made gives the coaches confidence in them for the coming conference game with the Cape Indians.

The lineup for the Tabor game was: Bush, c.; Graham, g.; Stone, g.; Englund, f.; Hartman, t.; Ogden, e.; Young, e.; Willoughby, q.; Agee, fb.; Masters, lb.; Eads, hb.; Substitutions the first half: Joy for Young at end; Peoples for Ogden at end; Hamilton for Agee at full back. In addition to these, in the second half the following players got to show their stuff: Cox, Fowler.

THE GREEN AND WHITE COURIER

Maryville, Missouri

Entered and managed by the students and published once each week at the State Teachers' College, Maryville, Mo., except the last of August and first of September.

Entered as second class matter, Nov. 8, 1914 at the Post Office at Maryville, Mo., under the act of March 3, 1879.

COLLEGE OATH

"We will never bring disgrace to this our College by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws, and do our best to instill a like respect and reverence in others. We will strive unceasingly to quicken the students' sense of duty. We will transmit this College to those who come after us greater, better, and more beautiful than it was transmitted to us."

Do you like the enlarged size of the new Courier? Do you know that it contains twice as much news as formerly and that it takes more than twice as much work to put it out? Do you read

its new advertising? Do you think it better represents our College as a growing, progressive institution?

This kind of Courier is made possible only by the generous advertising patronage of Maryville merchants. The future of the paper will depend upon the patronage from these advertisers and they expect returns from their ads.

If you like the new Courier you can voice your approval and insure its permanency by patronizing the merchants who advertise. Tell them you read their ads. Tell them you appreciate their support. It wouldn't hurt anything if you tell the reporters and members of the journalism class that you like their efforts.

If every student and alumnus assumes his individual responsibility in the publication of the Courier we will have as good a College paper as is published in the Middle West. Students and alumni alike will point with pride to the Northwest Missouri State Teachers College as "The Home of the Green and White Courier."

Do you enjoy a good letter once a week—one that brings you the latest news from an old friend? If so let us send you the Green and White Courier from your old friend—S. T. C.

If you are a member of the Alumni Association you will want to keep in touch with your former classmates and the growth and development of your Alma Mater; if you are a former student you not only will enjoy knowing the whereabouts of other former students whom you know while here but you will want to keep informed regarding the new courses being offered in order that you may make plans for further study; if you are a new teacher you will want to acquaint yourself with the work of other schools of North-west Mo.

The Green and White contains much news of other colleges, news regarding general educational work and even the secrets of the Stroller. It is a weekly paper. The price is twenty five cents per quarter, or one dollar for the entire year. Send your subscriptions at once to Miss Winn or Mr. Sealeman.

LITERARY SOCIETY NEWS

Excelsior.

The Excelsiors met Thursday, October 2nd. Instead of having their regular program, they planned for a home coming of old Excelsiors, Thursday, October 9.

An interesting program, consisting of talks by Faculty members, some good Musical numbers, and talks by Excelsiors, will be given then. Refreshments will also be served.

All former Excelsiors are urged to attend this program and meet old friends.

Philomatheans.

The Philomathean Literary Society held its regular meeting Thursday, October 2.

The program follows:

New Philo Songs by Society.

Members brought questions on present day topics and had a round-table discussion.

Musical reading by Myrie Hankins.

Arrangements were made for the Philo "Home Coming." John Hood and Melvin Rogers signed the roll.

Eurekan.

The Eurekan Literary Society held their regular meeting Thursday. The feature of the afternoon was the initiation of ten new members.

Josephine Miller, graduate of the music department, finds her work in Bolckow very interesting. Miss Miller teaches English in the high school and supervises music in both high school and the grades.

GREETINGS

Teachers of the Northwest Missouri Association

WE WELCOME YOU TO MARYVILLE and our display counters, making it easy for you to hope your visit with us will be both beneficial and make your selections. entertaining.

While here we want you to make this school supply house a visit. Everything for the school room can be had at this store from pencils to furniture.

Before starting make a memo of anything you will likely need for the coming busy weeks ahead. You will find everything laid out in neat order on

For the coming holidays we have a complete line of dialogue and entertainment books which are new and up-to-date.

Also busy work and kindergarten materials, Maps, Globes, Water Colors, Colored Papers—in fact, as we stated before, **everything for the school-room.** Come in and get acquainted—you're welcome.

Again We Say

Welcome to the Teachers of Northwest Missouri

No other business institution extends a warmer welcome to the members of the teaching profession than does this one. No other organization could be more anxious to forward the movement of better education of the masses.

We know that the teachers are character builders, moulders of personality. We realize that the citizenry of tomorrow is in your hands today.

This institution, in its small way, is trying to make for happier homes and better citizens today by urging savings leading to financial independence. We, also, are working for a better citizenry of the future by teaching and encouraging thrift to the young people.

The stepping stones of success are marked alternately with the words "thrift" and "good judgment." Most people's future depends on whether they use these steps or falter and take the road that leads to adversity. The greatest help to a man in following these stepping stones is a sound and helpful banking institution.

To students and to teachers, the "personal service" of this Northwest Missouri bank is at your command.

Farmers Trust Company

"Maryville's Bank of Personal Service."

OPEN FORUM

How Do We
Trim Them
This Year?

Yea Bearcats!—This cry should resound throughout the entire student body when the Bearcats appear on the gridiron Homecoming Day.

The cheer leaders want 635 S. T. C. students to help support our fighting aggregation of Bearcats. The football team needs to play as a unit;—so must the students co-operate as a unit, in order to instill in our team the desire for victory. The football team represents not only the football squad, but the entire school. They wear the colors of our school and we should help raise our colors to the highest possible point of achievement. Let us make gridiron history for our Alma Mater. Let's go Bearcats—Fight 'em, Fight 'em, Fight 'em.

Signed:—YELL LEADERS.

Snap some snappy snapshots for the 1924 Tower.

Dig out your kodaks! Let's see who can hand in the cleverest pictures for the Tower. Put them in the ballot box at the right of the Bulletin board.

Last fall I was standing downtown in front of a radio set "listening in" on a big football game. It happened to be a homecoming game several hundreds miles from here and thousands of fans were madly rooting for the home team. The last few minutes became tense and exciting for victory was almost within grasp of the home team. But time was too short and the game ended with the home team trailing and thousands of disappointed fans in the homecoming throng.

Suddenly the tender strains of some song came in through the radio horn. Hardly had half a dozen notes sounded when six or eight Maryville men instantly uncovered and reverently stood at attention. Two dozen others in the crowd before the radio horn quickly removed their hats and stood in reverence until the last notes of the music had died away.

Was it the "Star Spangled Banner" or some other patriotic air that was played? No, but it was something equally as touching to some men in the radio crowd. To those old grads who stood there it was the familiar air of "Old Missou" that commanded instant reverence even tho they were hundreds of miles away from the scene of the football field. Others in

the radio audience uncovered unhesitatingly to follow the lead of the loyal sons of "Old Missou."

Wouldn't it be wonderful if we had such a reverence here for our "Alma Mater" when it is sung? Wouldn't you feel proud of a school whose song gripped your heart strings like that?

There is only one way we can do it. Every student must know the song, not because he has to know it, but because he wants to know it. Every student must know the tradition behind the song. He must "feel in his bones" what it means and must realize that his loyalty to the school is

shown by his reverence to the strains of "Alma Mater."

Friday is the big Homecoming game. Hundreds of visitors and townspeople will be there. If every student uncovers, stands in reverence and sings the praises of "Alma Mater," he it a victory or defeat, the visitors will be as indelibly impressed as I was with "Old Missou" at their homecoming game last year. And what is more every one will uncover and no one will dare to leave until the song is finished if every student does his part. Students, it is up to you. What are you going to do about it?

News of Northwest Missouri High Schools

Rock Port

Elizabeth Beech, Editor of Blue and White Pep, Rock Port High School, is first to report school news directly to the Green and White Courier. She reports news of a football game.

Tarkio High School played Rock Port High School a game of football Friday, September 28, at Rock Port. The score was 13-6 in favor of Rock Port.

The girls basket ball team considers itself very fortunate in having Lola McNeel as coach. She has played basket ball for several seasons and was captain of the College team last year. She is enthusiastic over the game and the girls feel that the prospects are fine for a good season.

Pickering

Pickering High School played Ravenwood High School a game of basketball at Pickering, Friday, September 27. This was the first game of the season for both teams. The score was 35 to 9 in favor of Pickering.

Maryville

Maryville—The Maryville High School Spoofhounds won their first two games of football by defeating Fairfax 7-6 and Stanberry 14-0. The Spoofhounds will be strong contenders for the Northwest Missouri grid title.

Fairfax

The football schedule of games for the local gridsters to be played at home is as follows:

Savannah October 18.
Rock Port October 24.
Roubidoux November 8.
Mound City November 14.
Westboro November 21.
Tarkio November 27.

The Fairfax eleven shows much talent and will no doubt make a good showing for the N.W. Mo. title.

Princeton

Princeton High School students have voted to borrow \$5.00 each for their Alma Mater. The money will be used to equip new stage, floor the gymnasium and secure books for the library.

The school money is to be handled by a faculty member and four high school students. The students are elected from the four high school classes.

The superintendent feels that every student who borrows \$5.00 and pays it back during the year will be receiving practical training in citizenship and vocations.

The plan will be considered a failure, so far as this training is concerned, if the parents give the money to the child or if the student gets the amount without actually earning it.

Smithville

Smithville High School defeated Excelsior Springs in football, Friday, September 26 at Smithville. The score was 7-6.

Liberty

Liberty High School had little trouble in defeating Weston High School in the first game of the 1924 season of football, Friday September 26 at Jewell field. The score was 56-0.

New Hampton

New Hampton High School football team was defeated by Albany High School Friday, September 26, at Albany. The score was 6-0.

Savannah

Savannah won their first conference game of the season, Friday, September 26, when they defeated the Mound City aggregation by a score of 33-0. Many new men were in the lineup of the eleven and neither team played as well as can be expected later in the season.

Maryville

Maryville has 164 students enrolled in high school. There are 81 boys and 73 girls.

Bethany

The Bethany High School will put out an annual this year. It will be the first annual published in several years.

The Burlington Junction High school students had a work day last Saturday the money to be used to defray expenses of athletics and to provide equipment for the playground.

Pillmore

Pillmore has added a \$25,000 addition to its school building. There are now thirteen rooms, including the library, study hall and the principal's office.

Pillmore has 150 pupils enrolled.

Glenn City

Glenn City has a new school building which is one of the best in Harrison County. It has three stories and a basement.

Blythedale

A new school building is being erected at Blythedale; this is a reconstruction job, using part of the old building. The new building is to be modern throughout. It will be completed in about six weeks.

Paul Jones K. U. Capt. Joins Coaching Staff

Paul Jones, K. U. graduate has been added to the Faculty of S. T. C. He has taken over the line men of the Bearcats and by what they showed at guard he has no little ability to coach. Paul "Pete" Jones was captain of the 1921 K. U. football team, playing at guard and tackle positions on the team that defeated the Missouri Tigers 19 to 13. He weighs 190 pounds.

Mr. Jones received his degree from K. U. in 1922 and since then has acted as coach of the Rosedale, Kans., High School. While at Rosedale, Jones turned out a basketball team that won the Northeast championship of Kansas and went to the fourth round of the state tourney, being eliminated by Emporia the winner of the tournament.

Coach Jones arrived in Maryville Monday, September 29 and began work immediately.

H. Frank Lawrence, head coach, said, "Although Coach Jones is supposed to work under me, he will really work with me in the turning out of a Bearcat grid team."

Coach Jones comes here highly praised and we are glad to have him with us and will do all that we can to make him feel at home.

Coach Lawrence accompanied by members of the football team went to Lincoln to witness the Football game between Illinois and Nebraska. They went with Mr. F. A. Bush in his Buick car Friday night and returned Saturday night after the game.

The Masonic Club of the College is giving a dinner Friday, October 10 to the members of the Club, present and past, as well as to the Masons now in school who are not members of the local club.

Any Masons not members of the local club who wish to attend the dinner should communicate with Homer T. Phillips, of the education department.

Hazel Anderson spent the week end at her home in Quitman.

Welcome Teachers

Properly Fitted Shoes for the School Room

School teachers are required to be on their feet a longer period per day than almost any other vocation, and should therefore, exercise the greatest of care in selecting their footwear as to fit and comfort.

It is our aim to combine perfect fit and comfort together with style in fitting shoes to every customer we serve, and our staff of expert shoe men assure you of these important details when being fitted for shoes in our store.

Another feature of our service is, that we keep a record of every customer's size and style of shoe and it is an easy matter for us to duplicate your order for shoes, and you can feel perfectly safe in sending in your orders for Parcel Post shipment.

The Stroller

By ????

The Stroller has been about all-in ever since the "walk-out" Tuesday because she fell off the swing into the ditch and besides that he played football and baseball, and got terribly sunburned, which is a little too much for one as old as he is. She understands, however, that she isn't the only one who has been having aches and pains since the "walk-out." But on the whole the casualty list was quite small since only a few were unable to attend classes by Thursday.

On Wednesday the Stroller heard a young lady repeat a conversation she had just had with a certain doctor in town. He had been inquiring as to her various ailments and had been attempting to locate the trouble. Finally he asked, "Do you eat very much?"

"No," she replied immediately, "I eat at Residence Hall."

President Lamkin presented the Students' Ten Commandments to the assembly last Wednesday—only there were a good many more than ten. Here are a few of them:

1. Thou shalt, young women, be in thy rooms by 10:30 p. m., thou shalt, young men, be in thy rooms by 11:00 p. m.

2. Thou shalt not receive men callers more than twice a week.

3. Thou shalt not attend mid-week parties.

4. Thou shalt not ride after 8 P. M. in winter and 9 P. M. in summer without a chaperone.

5. Thou shalt not, ye freshmen, be permitted to have social engagements with men on Wednesday evening.

6. Physical examination and vaccination are required of thee.

Non appearance on notification for same, brings penalty of suspension.

"But," said President Lamkin, none of these regulations apply to you." And ever since, the students have been walking around with broad grins on their faces. The Stroller thinks along with them that our rules aren't so bad after all.

The other morning as the Stroller walked into a certain room in the building a mysterious person handed him the following poem.

A FRESHMAN WAIL

Ashes to ashes
As dust to dust
When Dr. Keller doesn't give long lessons

Then Miss Franken thinks she must.
S. T. C. students are not the only beings in existence who hold the record for indefinite answers. Here's one. It is reported that a certain member of the college faculty approached a railroad official in Scotland to inquire how one should determine whether a certain train would stop at Princess Street Station in Edinburgh. For reply, he answered:

"Why you get on the train, and if she stop, she stop, and if she no stop, she no stop."

The Stroller was quite interested in the discovery of a new magazine in the library. She hasn't had time to read it yet, but the librarian showed him the title of it on the following check-out slip:

Magazine—M. Dykes
Date—September 28.
Name—M. Dykes

Two little jokes were reported to the Stroller a few days ago which he thinks are worth publishing.

Mr. Wallin in Social Psychology—"What happens to a hero, Mr. Goglee?"
V. Goglee, meekly—"He marries the heroine."

In one of her Introduction to Teaching classes Miss K. Franken had been explaining how she had quieted a small child by reading to it.

"Why," she asked, "do you suppose this had such an effect?"

"Because," replied a brilliant freshman "it had never seen anything like that before."

TEACHERS MEETINGS.

Missouri will have two State Teachers Meetings every year in the near future if predictions of Prominent Educators mean anything. Many teachers do not attend State Meetings because of the expense. If there were two meetings each year everyone would have a chance to attend.

Kansas has two annual Teachers Meetings, one at Topeka and the other at Wichita.

Carlos Yehle, a former S. T. C. student, is residing at the Phi Kappa Psi Fraternity house while attending the University of Missouri. He plays in the University orchestra.

Mr. Phillips, of the education department, organized a double education class at Oregon, Mo. Saturday, September 27. There are about fifteen enrolled in the class, which will be conducted by Miss Katherine Frank.

Joanna Hawkins spent the week end in Boston.

To the Visiting Teachers

Your visit to our city on October 9, 10 and 11 during the Teachers Meeting will mean you will see many old friends and make many new acquaintances. Of course you will want to look your best. This will be easily accomplished after your dusty ride in a car or a smoky train ride if you will send your suit to us to be cleaned or pressed. Then you will look spick and span for all the various meetings. We specialize on one day cleaning service.

Most any student at the College will tell you our phone number and tell you of the quick, dependable service we render. Just call for the "Big Blue Car."
